# PRESIDENT WILSON APPEALS TO CALIFORNIA AGAINST DIS- CRIMINATION TOWARD JAPAN

## SAYS NATION'S HONOR IS AT STAKE

Invidious Discrimination in Anti  
Alien Land Law Would  
Involve Treaty

SUGGESTS FOLLOWING  
LAWS OF OTHER STATES

Congressmen Had Urged  
'Hands Off' Policy; Anti-Alien  
Legislation in Chaos

WASHINGTON, April 22.—The president's final word on the anti-alien land laws now pending in the California legislature were sent to Governor Johnson and the presiding officers of both California houses in the following telegram:

"I speak on the assumption which I am sure is well founded that the people of California do not desire their representatives to embarrass the federal government in its relations with a nation which we have cordially sought to maintain relations of genuine friendship; that least of all do they desire anything which might impair treaty obligations and cast doubt on this nation's good faith. Therefore I appeal in the utmost confidence to the people, the governor and the legislature of California to act in a manner that can not from any viewpoint be fairly challenged. If they deem it necessary to exclude all aliens who have not declared their intentions to become citizens from the privileges of land ownership, they can do so along lines already followed in many states and countries, including Japan. Invidious discrimination will inevitably draw in question the party obligations of the American government. I register my earnest and respectful protest against any discrimination, not only because I deem it my duty as chief executive but because I believe the people and the legislature of California will generously respond to a matter frankly presented as a question of national policy and national honor. If they have ignored this point of view I am sure it is because they did not realize what and how much is involved."

The cabinet this afternoon discussed the Sacramento situation and agreed to the president's action in making the question one of national policy and national honor, and decided that the administration has gone as far as it can. Definite policies have been enunciated and it is considered the matter now rests with California. Meanwhile President Wilson and Secretary of State Bryan will keep in close touch with the situation.

**CALIFORNIA CONGRESSMEN  
ASKED "HANDS OFF" POLICY**  
WASHINGTON, April 22.—Declaring that the sentiment of the California legislature for the drastic measure aimed directly at the Japanese is overwhelming, Congressmen Raker, Kettner and Church of California earnestly appealed to President Wilson today to continue his "hands off" policy in regard to the proposed anti-alien land law. The congressmen suggested that if the administration refrained from interfering in the state's affairs a referendum amendment might be attached to the bill in order that the public sentiment of the entire state might be ascertained.

Secretary of State Bryan and President Wilson are gravely concerned by yesterday's developments at Sacramento and the tone of Governor Johnson's statement. They discussed the situation today and continued the discussion at today's cabinet meeting. It is reported that if California ignores the administration's advice and discriminates openly against the Japanese the department of justice will defend the rights of the Orientals before the supreme court, intervening as "a friend of the court."

Raker declared the present situation is more serious than when the Chinese were excluded. He also charged the Japanese with promoting white slavery, and recited their encroachment on agricultural communities, declaring they are cheapening the land. He declared that they are honeycombed about San Francisco. President Wilson asked the Californians to produce statistics as to the matter requires serious attention. He will confer with the

## GOVERNOR JOHNSON ISSUES STATEMENT ON SITUATION

SACRAMENTO, April 22.—Gov. Johnson last night gave out the following statement regarding the pending alien land legislation—the first statement the governor has made on the subject:

"Californians are unable to understand why an act admittedly within the jurisdiction of the California legislature, like the passage of an alien land bill, creates tumult, confusion and criticism, and why this local act of undoubted right becomes an international question. Of course, the California legislature would not attempt to contravene any treaty of the nation, nor to do more than has been done by the federal government itself and many other states. To say that California must do less, or be subjected to harsh criticism and the charge of disrupting friendly relations with foreign powers, is to deny to California what has been freely accorded to every other state in the union, and has never been questioned with any other state."

"Our legislature is now considering an alien land bill in general language and not discriminatory. If terms are used which are claimed to be discriminatory, those very terms long since were made so by many enactments and the laws of the nation itself. Broadly speaking, many states have endeavored to prevent the ownership of land by those ineligible to citizenship. The power to pass such laws is conceded, but immediately upon the exercise of this power by a great sovereign state, a remarkable and inexplicable outcry is heard all over the land and in other lands as well."

"The United States by statute provided that no alien or person who is not a citizen of the United States or who has not declared his intention to become a citizen of the United States, shall acquire title to land, etc., and in relation to the District of Columbia the United States statutes contain the same inhibition."

"Arizona, in 1912, passed its act that no person other than a citizen of the United States or who has declared his intention to become such shall hereafter acquire any land, etc., and this statute, though passed in 1912, did not

### ANTI-ALIEN LAND LEGISLATION IS IN REAL STATE OF CHAOS

SACRAMENTO, April 22.—Anti-alien land legislation is in a state of chaos today. With the assembly bill well up in the files, at least three sets of amendments are awaiting action, on all of which a bitter fight is expected. None in the upper house is willing to predict how many more amendments will be introduced before the bill is finally in shape for roll call. The floor leaders say that long debates and complicated amendments may delay final action until the closing hours of the session.

The governor's statement on the situation, given publicly last night, had little effect on the legislators, who say public sentiment has forced the governor to make an open stand. They say he will also be forced to sign any anti-alien bill passing, regardless of his personal opinion.

**WIRELESS OPERATORS STRIKE**  
SAN FRANCISCO, April 22.—Two hundred and sixty members of the Wireless Operators' Union, including all operators on the Pacific coast, struck today as a result of the failure to compromise their wage demand with the Marconi Wireless Company.

### PAGE CONFIRMED FOR ENGLISH POST—OTHERS RATIFIED

WASHINGTON, April 22.—The senate in executive session yesterday afternoon confirmed Walter H. Page as ambassador to Great Britain; Dudley Field Malone, as second assistant secretary of state; John Bassett Moore, as counselor of the state department, and John E. Osborne of Wyoming, as assistant secretary of state.

## TOMORROW FORTY OR FIFTY AUTOMOBILES GOING ON THE PASADENA-SAN GABRIEL RUN

Tomorrow's run by the Santa Ana Automobile Club will be the best ever held by that club. In point of numbers of participants and attractiveness of the trip, the run will set a new record.

Secretary Clyde Walker estimates that there will be between forty and fifty automobiles in line when the signal for the start is given from in front of the city hall at 8:30 o'clock tomorrow morning.

### COMMITTEE NAMED TO EMPLOY LAWYER

Letter Received from State  
Board Expert Advises Little  
More Patience

ORANGE, April 22.—Too much odor for too many months was the reason there was a meeting of fifteen ranchers at J. A. Smiley's ranch at West Anaheim last night. The result of the meeting was the selection of a committee to employ an attorney to begin proceedings against the City of Orange to compel it to conduct its sewer farm in such a manner that it will no longer be a menace to the residents of West Orange.

Everybody seems to agree that the Orange sewer farm gives forth an odor that is not the pleasantest in the world. The late grand jury had something to say to that effect. The patience of the West Orange ranchers had been tried for weeks, but when the State Board of Health sent its engineer, C. G. Hyde, to Orange to make an investigation into the way the sewer farm is conducted, the ranchers decided to be patient a little longer.

They seem to think that the time has come when patience ceases to be a virtue, that the time has come when it is time to put on their fighting togs and go into the legal arena. At the meeting last night J. A. Smiley, L. E. Smith and Fred Schlueter were named as a committee to proceed to get action by getting an attorney. They propose to get an injunction or damages or both—anything to put an end to the everlasting smells that float out from the sewage of the City of Orange. That is the way the West Orange people look at the situation, and they propose to see the thing through to a finish.

Just as the West Orange people had reached the end of their supply of patience comes a letter from Engineer Hyde of the State Board of Health. This letter states that Hyde's report in detail on the Orange sewer farm is being completed and will be finished in about two weeks, and that Hyde hopes that the West Orange people will hear with the City of Orange until the report is submitted to the State Board of Health.

The sewer smell problem was not the only matter discussed at the meeting of the West Orange ranchers. They talked over the proposed formation of the Security Protection District, which takes in some land on the east side of the river at West Orange. The West Orange people do not want to be included in the district, and they proceeded to start a remonstrance against the proposed boundary lines so far as they concern West Orange, east of the river. The hearing is before the Board of Supervisors on May 6th.

### VATICAN ORGAN TO PRINT NEWS OF POPE'S CONVALESCENCE

ROME, April 22.—The Osservatore Romano, the official organ of the Vatican, announced last night that it will continue to print daily all news as to the Pope's convalescence, notwithstanding the fact that no further bulletins will be issued by the physicians.

The Pontiff was lifted out of bed into an easy chair and sat up for half an hour. He was propped up by pillows.

### UPTON SINCLAIR WEBS FREDERICKSBURG, Va., April 22.

Upton Sinclair of Bussom, Holland, author of "The Jungle," claimed Miss Mary Craig Kimbrough, daughter of Judge and Mrs. A. McG. Kimbrough, of Greenwood, Miss., as his bride here last evening, the ceremony being performed at the home of Mrs. John Thurman, who is a relative of the contracting parties.

### APPROPRIATION BILL PASSES

SACRAMENTO, April 22.—The senate passed appropriation bills rapidly today. The California Veteran's home, Agnew hospital and the Highland asylum were among those benefited.

### Rev. J. A. Stevenson RECEIVES HONOR

Chosen as Superintendent of  
Extension Work of Los  
Angeles Presbytery

Rev. J. A. Stevenson was yesterday elected by the Los Angeles Presbytery to be superintendent of church extension in the Los Angeles Presbytery which embraces the counties of Los Angeles, Orange, San Diego and Imperial.

Election to this office is the greatest official honor the Presbytery can confer on one of its ministers and carries with it not only honor but responsibility. While Santa Ana and the local church over which Rev. Mr. Stevenson presides, appreciate the compliment bestowed on Mr. Stevenson in this choice, both community and church will deeply regret the severing of relations that would follow Mr. Stevenson's acceptance of the position offered him.

West Orange Ranchers Declare  
Sewer Farm Odor is Much

## REV. J. A. STEVENSON RECEIVES HONOR

Chosen as Superintendent of  
Extension Work of Los  
Angeles Presbytery

Rev. J. A. Stevenson was yesterday elected by the Los Angeles Presbytery to be superintendent of church extension in the Los Angeles Presbytery which embraces the counties of Los Angeles, Orange, San Diego and Imperial.

Election to this office is the greatest official honor the Presbytery can confer on one of its ministers and carries with it not only honor but responsibility. While Santa Ana and the local church over which Rev. Mr. Stevenson presides, appreciate the compliment bestowed on Mr. Stevenson in this choice, both community and church will deeply regret the severing of relations that would follow Mr. Stevenson's acceptance of the position offered him.

Rev. Mr. Stevenson said this morning in reply to inquiries as to his decision that the matter would be left open until his return from a week's absence in San Francisco for which place he left today to attend a meeting of the board of directors of the San Francisco Theological Seminary. Acceptance of the position of the office to which he has been elected would mean the removal of Rev. and Mrs. Stevenson to Los Angeles, which place would be headquarters for the extension work.

## PROPOSE PAVING EAST FIRST STREET

Question of Who Shall Pay for  
Intersections Divides the  
City Board

### STREET CAR SPEED MUST BE REGULATED

Bids Received for Laying Sewer  
Mains in the South Part  
of the City

The paving of East First street, the speeding of electric cars on city streets, the collection of licenses from several firms that have not paid licenses recently—these were among the matters that came up last night to enliven the session of the city trustees.

The five city fathers all agreed that it was advisable to put the brakes on the P. E. cars. They were not unanimous, however, on the East First street paving. Trustee Alderman and Trustee McPhee opposed the proposal to pave that street under the plan as advanced by a petition of the property owners. Alderman thinks the property owners ought to pay for paving intersections, and as a property owner on that street he is willing to help pay. He is not willing to attempt to have the street paved and leave the city to pay for the intersections, as it is obligated to do for the Bush, Tenth and Spurgeon street paving job now being completed by Max Huberman. Trustees Greenleaf, Grubb and Ey voted to proceed with the pavement.

"Go ahead with it," said Alderman. "You fellows are paving this street." The remark was made when there was a discussion up as to closing the entire street from Main to the Santa Fe.

**To the Front Again**  
The development of the South Side was well portrayed last night in two acts. One was the decision to lay new water mains to furnish a water supply for fire fighting, and the other was the submission of bids for a sewer system.

Two months ago bids were received. The lowest bid was about \$13,850. Bids had to be taken again. Last night's lowest bid was \$13,126. The man with the lowest bid built the original sewer system for Santa Ana and is now at work on the Fullerton water works mains.

As the matters came up the trustees last night did business as follows:

A deed from Chas. T. Tratt for a 12-foot alley from Washington avenue near the hospital to Fourteenth street was referred to the city engineer.

A map showing a giving and accepting of strips along Seventeenth street between C street and the S. P. to straighten that street, was presented by City Engineer Finley, accepted by the board and is now ready for the signatures of the property owners, Moore and Flood.

**For Fire Protection**  
Water Superintendent Reid submitted an estimate of placing a water main and fire hydrants from First, in front of the poly high, on Birch to Fairview and thence to Sycamore, the cost to be \$12,414.44. The clerk was instructed to advertise for bids for the material needed on hand. The proposed extension will furnish fire protection facilities in a fast growing district.

John Michelson asked for a permit to lay a cement pipe across an alley to irrigate his two lots on Bush between Sixteenth and Seventeenth. The petition was referred to the street committee with power to act.

The report of the joint pole committee for locating poles in accordance with its blue print was accepted.

**Two Blocks Accepted**  
Robert Cogburn, inspector, reported that Max Huberman has completed his paving on Bush street between Fifth and Seventh and that he has accepted the work. Huberman presented a bill for \$1336 for four intersections, to be paid for by the city. Cogburn's report was filed.

A petition for sidewalk and curbing on Bishop from Main to an alley west of Birch street was granted on the street committee's recommendation.

## Baseball Trust Vast—Congress Probe Is Asked

WASHINGTON, April 22.—Declaring the big baseball leagues enslave and coerce their players, combine to prevent competition and compose "the most autocratic and audacious trust in the world," a resolution asking a thorough investigation was introduced into the house by Gallagher of Illinois today. The resolution provides that a committee of seven probe the workings of the trust, particularly as to stifling competition and the apportioning of territory for their exclusive use.

Horace Fogel, the deposed president of the Philadelphia National League club, has promised to submit evidence sustaining the resolution's charges.

The resolution also directs the attorney general to examine the players' contracts and determine if the Sherman anti-trust law is being violated.

## TARIFF BILL SUBMITTED TO HOUSE

Report Made by 14 Democratic  
Members of Ways and  
Means Committee

### PAYNE TARIFF LAW IS SEVERELY DENOUNCED

Revenue from Proposed Law  
and Income Tax, \$996,000,-  
000; Equals Expenses

WASHINGTON, April 22.—Fourteen Democratic members of the House ways and means committee that has been framing the tariff bill submitted their report to the House today. The report denounces the Payne tariff law, and alleges that the trusts thrive under Republican administration. It is estimated that the annual receipts under the Underwood tariff will aggregate \$926,000,000, with governmental expenses of \$995,000,000, and also estimates that the income tax will bring \$79,000,000, thus offsetting the tariff reduction. It gives a statistical report of the increased cost of living, saying that the cost of living has advanced 46.7 per cent since 1897. The report says in part:

"The tariff situation has gradually become intolerable. Expectations of redress were blasted by the act of 1909, and this, if anything, made things worse. There was no real reduction, and the present deplorable condition of the economic system is directly assignable to the tariff. It could not be otherwise in view of the long continued high prices and peculiar alliance which has long existed between the interests profiting by the unreasonable rates and the political party imposing such rates."

The report blames the tariff for causing too rapid depletion of natural resources. It declares that modern efficient industrial plants are able to compete with those of foreigners, adding that many obsolete plants "which long ago should have been relegated to the scrap heap" have thrived at the expense of the tariff-ridden consumers. The report defends the placing of sugar and wool on the free list and urges the prompt passage of the income tax amendment. It adds:

"The poorer classes now bear the chief burden of customs and of taxation. The income tax is levied upon those who have the ability to pay. It requires as many yards of cloth to clothe and as many ounces of food to sustain the day laborer as the largest holder of invested wealth. Yet each pays like taxes on the food he eats, but the poor man pays a larger rate on his cheap suit of woolen clothing than the rich man pays on his costly suit."

### DAY AND NIGHT SESSIONS TO HURRY UP TARIFF ACTION

Majority Leader Underwood has ordered night and day sessions to start tomorrow to expedite action on the tariff bill. It is reported that President Wilson requested the order. General debate on the tariff bill starts tomorrow. It is predicted that it will pass unamended within two weeks.

### HALF MILLION FOR PANAMA FAIR FEDERAL EXHIBITS

## ABROGATE TREATY WITH ENGLAND SAYS SOLON

Chamberlain of Oregon Offers  
Resolution in U. S. Senate  
to Aid Canal Free Tolls

WASHINGTON, April 22.—Senator Chamberlain of Oregon precipitated one of the big battles of this Congress when he introduced in the Senate yesterday a resolution for the abrogation of the Clayton-Bulwer and Hay-Pauncefote treaties, under which Great Britain is attempting to say how the United States shall manage its own canal. There was merely skirmishing yesterday, but it is widely felt about the Senate that an unusual controversy is ahead.

The resolution was referred to the foreign relations committee. Senator Lodge did not express himself on the floor, but he told friends the Chamberlain resolution was indefensible. This is in the face of the fact that Senator Lodge is for free tolls. But such is by no means the attitude of the free tolls supporters generally. Senator Chamberlain yesterday afternoon got many assurances of support from senators.

It was pointed out as soon as the resolution was introduced that there is no provision in the Hay-Pauncefote treaty providing for its termination by either government. The United States, when it entered into the compact, assumed a solemn obligation which it is bound to abide by unless it desires to disregard its pledged word to England.

Now that the record for the largest egg has been broken, a Rhode Island Red hen, belonging to F. L. Carlyle of Westminster, not to be outdone, laid one of the smallest eggs yet recorded. It measures 3 3/4 inches the long way around and 2 1/2 inches in the broadest part, and weighs 96 grains or one-fifth of an ounce. It is not only a very small egg but it has a peculiar shape, having on one end a reproduction of a knot.

## EXTRA 10% DIVIDEND FOR ALL STOCKHOLDERS

Here is a Company Whose Great Prosperity is Enjoyed by All of Its Share-owners—Stock In It Will Soon Be All Sold—Buy Yours Now

"Home Builders" the big investment and building company of Los Angeles with offices in this city at 116 East Fourth street, has made a tremendously important announcement. It is the offer to pay its stockholders an extra dividend of 10 per cent.

This extra 10 per cent dividend is to be paid just as soon as the sales of stock reach 900,000 shares, and as there are less than 175,000 shares to sell and subscriptions are being made very rapidly the dividend will no doubt be paid before another six months.

On April 30th will occur the next regular quarterly (3 months) cash dividend, so that a purchase of stock before that date, receiving this and the next four quarterly dividends together with the extra 10 per cent will make the investor in "Home Builders" stock an earning of about 18 per cent for the first twelve and a half months his money is with the company.

Mr. Magee, the manager of the local office says that many of the Santa Ana stockholders are taking on many more shares. The company's last statement (made under oath) shows a very thrifty condition.

## PLAY PUT ON SPLENDIDLY

Huntington Beach Pupils Do  
Great Credit to Themselves  
and Instructor

HUNTINGTON BEACH, April 21.—For the first time in a school of less than 300 pupils the play, "A Roman Marriage," all in the original language of the Latins and costumed according to the dress of the ancient Romans was given Friday evening by the Huntington Beach Union High School.

The performance was staged by the teacher of Latin, Miss S. Vida Ross, and the Latin classes of the school.

The audience-room of the High School was filled with visitors, many of whom came from a distance to view the production. They were surprised to discover that customs which are common in American marriages today are derived from the old Roman customs. The play occupied three-quarters of an hour and was carried throughout without an error, by the cast.

"A Roman Marriage" was only a part of a great three-hour programme given by the student body of the school as the third number of a lecture course. The other numbers already given were by the department of Greek, Dr. R. D. Williams of Pomona College, and the fourth number, to be given next Wednesday evening, is by Charles E. W. Griffith, the great Shakespearean reader.

The Huntington Beach High School is one of the smaller schools in Southern California and holds a unique position as a leader in almost every line of education work. Among the departments not commonly found in small high schools is the department of oratory and the department of music. Individual piano lessons are given to about forty girls as a part of the regular accredited school work, while orchestra and glee club work are also given full credit.

LICENSED TO WED  
A marriage license was issued in Los Angeles yesterday to Leonard H. Clark, 21, and Marie Chandler, 18, both of Santa Ana.

## MOST CHARMING TIME OF YEAR RIGHT NOW

Laguna Beach Hills Are Covered With Beautiful Wild Flowers

LAGUNA BEACH, April 21.—Laguna is ever charming, but if it is to be seen in its panoply of wild flowers and native grasses, the accepted time is just now. Certain it is that hillside and seaside were never more charming than at present. From the Mariposa lilies in Nigel canyon to the poppy-clad hills of Arch Beach, the whole country is vivid with yellow and purple.

The hour's ride by auto stage from Santa Ana is one of the delightful experiences of the trip. The road is in good condition and the ride affords some of the most wonderful scenic vistas in all the southland. Two auto stages make trips twice a day from Santa Ana and Irvine.

Laguna is catching the spirit of progress even this early in the season. Several new houses have been built on the cliffs the past winter and three are under construction now. A \$30,000 concrete hotel is said to be among the certainties for the cliffs. A garage, bakery, barber shop and billiard hall are among Laguna's recent acquisitions and two large store rooms are being built adjoining the garage for future business enterprises.

The road from Laguna to Capistrano has been improved, a feature being the construction of a fill to take the place of the bridge over the arroyo back of Cheney cove.

## TOGO HEADS FLEET AS ITS ADMIRAL

Hero of Japanese-Russian War  
Placed in Command of Japanese Warships

TOKIO, April 22.—Admiral Count Heihachiro Togo, "the silent admiral," who rose to remarkable heights in Russo-Japanese war, was yesterday promoted to be admiral of the Japanese fleet. Following the ending of that war, Admiral Togo and his retinue visited the United States, in August, 1911, and was accorded signal honors. He was credited everywhere with solving the destiny of the Far East when he smashed Admiral Rojestvensky's fleet, thereby adding a decisive defeat on the seas to the successive Russian land reverses. He is a fit descendant of the great fighting race of the Satsuma samurai. He fired the first shot in the struggle for supremacy in the Orient and was in direct command of the naval operations at Port Arthur that ended in the downfall of the Russian stronghold.

He was born October 14, 1857, not a noble or of princely parentage, but of fighting stock, the son of a samurai of the great Satsuma clan that has given Nippon the majority of her leading modern warriors. He received the greater part of his early naval training in England. Togo first leaped into fame when, as captain of the protected cruiser Naniwa, he fired the first shot in the battle of the Yalu at the beginning of hostilities with China. For the valor he displayed at the battle of the Yalu he was rewarded with the rank of rear admiral and membership in the Third Order of the Rising Sun. In person he is short and stout with a black beard and a distinctively Japanese countenance. He talks little, but acts with lightning rapidity. He has a wife, three sons and a daughter.

## MAKER OF LINCOLN DEATH MASK IS DEAD

Joseph Palmer, Head of Modeling in National Museum Since War, Dies in Virginia

WASHINGTON, April 21.—Joseph Palmer, the oldest employee in the national museum, and the man who made the death mask of President Lincoln after his assassination, passed away at his home at Rosslyn, Va., Saturday. Mr. Palmer had been in the government employ since the civil war. During that time he had been at the head of the modeling and taxidermy department.

When President Lincoln was assassinated those in authority sent Palmer to get the likeness. He obtained the only mask of Lincoln, the one which has been used in nearly every portrait or sculpture of the martyred president.

Daughter-in-Law of August Belmont Demands Separation and Cash Suits Her Position

NEW YORK, April 21.—Mrs. Ethel Lorraine Linder, Belmont, chorus-girl-wife of Raymond Belmont, son of August Belmont, the financier, will begin action for separation Tuesday. Mrs. Belmont said yesterday: "I love Raymond, but it is now time I took action. I shall ask for a sum commensurate with my position as the wife of the son of one of New York's richest and most influential men. I shall show that I was not a siren luring the youth from his family."

Woman Serving Sentence  
in County Jail

Los Angeles Times: A petition was filed in the supreme court yesterday in behalf of Kate Lieritz, formerly Kate Measor, convicted in Orange county of a violation of the liquor laws. She is said to have sold liquor in Santa Ana and was sentenced to six months in the county jail. Irregularity in the formation of the "No-License" Fifth Supervisorial District, where the violation is alleged to have taken place, is the ground upon which the petition for the release of the woman is based.

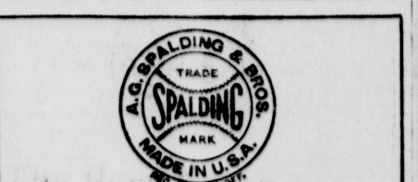

## CAR'S DRIVER IS EXONERATED

Coroner's Jury Finds That Ross  
Was Not to Blame for  
Man's Death

FULLERTON, April 22.—An inquest was held yesterday afternoon over the body of Robert Sepulveda who was killed Sunday night in an automobile accident while returning from a barbecue on the Bastanchury ranch north of Fullerton.

The most important witness was L. C. Ross of Los Angeles who was driving the car that ran down and killed Sepulveda. He testified that while coming down the hill north of Fullerton that Sepulveda and A. Bernald left the car, walking ahead some distance. A few minutes later they signalled for Ross to bring the car to where they were standing. Sepulveda stepped in front of the car just as it reached him. Ross says he did not see the man until within ten feet of Sepulveda and it was then too late to stop the car as he was coming down a steep hill.

After other witnesses were examined the coroner's jury rendered the following verdict: "That the death of Robert Sepulveda was accidental and that the driver was not to blame." Sepulveda's neck was broken; his right leg was broken, and the back of his head was crushed.

The Boys Know—  
You can't "put one over" on them when it comes to base ball.

They know what the Spalding Trade-Mark stands for, just as their "daddies"—the boys of thirty years ago—did before them.

Their "daddies," however, did not know of the Cork Center ball—the big league's official ball. The Spalding Official National League Cork Center ball, price \$1.25, is the official ball of the world series. Every boy should insist on using a Cork Center ball when he plays, otherwise he is not getting the full value of his ability.

Buster Brown's "DARNLESS" Hosiery is made scientifically. Without increasing the weight of its cool, gauzy hosiery body, where the wearing strain is slight, the wearing parts—heel, sole, knee and top—are heavily reinforced with 2, 3, and 4-ply strong linen thread. This provides wearing strength without increasing weight. Adopt Buster's "DARNLESS" Hosiery for your family and you can throw away your darning bag.

## PROPOSE PAVING EAST FIRST STREET

(CONTINUED FROM PAGE ONE)

fire or health hazard, his neighbors ought to have nothing to say about it.

"Neighbors have no more business to dictate what shall be moved on a man's lot," said Alderman, "than he has to say what kind of hat his wife shall wear or whether or not he shall buy ready-made clothes."

McPhee said the spirit of the amendment is good, but as it reads it would almost prohibit moving buildings. The amendment was referred to the city attorney.

C. B. Annin gave a bond as a house-mover.

### Slow Up Cars

Rowell, Cope and other residents of West Fourth came at McPhee's request to tell how the P. E. runs cars on West Fourth street. McPhee said the railway makes a practice of going twenty-five to forty miles an hour.

Cope, 421 West Fourth street, said it is high time to stop fast running. He said frequently warnings are not given.

Rowell said automobilists would be jailed if they should run as fast as the street cars. With autos coming out of the garages, there is constant danger.

Matthews said street cars should go slower and give warnings.

City Attorney Heathman said the city has an ordinance fixing the speed of motor vehicles at fifteen miles an hour, and the motorman can be arrested if he exceeds that speed.

"You would have to arrest every motorman who comes in, then," said Rowell.

Alderman moved that the ordinance be amended so that the words "street cars" and "steam cars" be added to "motor vehicles."

McPhee said the city attorney says the present ordinance covers street cars, and he thought it best to instruct the city marshal to proceed to arrest motormen who violate the law, and thus proceed under the present law.

Heathman said positively and legally a street car is a motor vehicle.

Alderman's motion was dropped and McPhee's motion to turn the city police loose on the motormen carried. On Grubb's suggestion it was decided to notify the P. E. of the action.

McPhee wanted to arrest the conductor, too. "Arrest the whole bunch," said he. "In the last week we have had one of our best citizens killed. While the evidence showed he stopped his automobile on the tracks, the evidence also showed the street car was going over thirty miles an hour inside the city limits. I am informed that a car going thirty-five miles an hour needs 700 feet in which to stop. Such speed is ridiculous."

L. H. Padgham asked the board to take some action toward removing the city houses. The matter was referred to the building inspector.

### Paving Proposed

Property owners on East First street petitioned to have that street paved with pavement not to cost over ten cents per square foot, from Main street to the Santa Fe railroad. Of the total frontage, 3549 front feet signed the petition, 3126 not signed, and of the latter 1436 feet is owned by corporations or non-residents. Grubb moved that the petition be granted. Alderman said he would pay for his part of the intersections, had proposed to do so, and he opposed any more contracts without a time limit, since Bush street had been closed since December. He thought the action hasty. He would go further than the signers of the petition, as he would pay his share of intersections while the petitioners expect the city to pay for intersections.

The petition stipulated that the pavement be the same as on Bush.

Grubb said he would not consent to allow over four blocks of East First turn up at one time. He said he thought the city board did wrong in paying for the intersections on Bush, Tenth and Spurgeon, and he favored a policy of letting the owners on a street pay for the intersections. At present, he said, the city is not able to pay for any more intersections.

The petition was granted, Alderman and McPhee voting no.

Grubb moved that it be a rule of the board that no more than three street intersections be closed at one time hereafter. East First could then be paved in two sections.

Contractor Huberman said he could do the job quickly, and if delayed at the price of ten cents he might lose money. He said he had a new plant in and had new equipment. He agreed to do the street in two sections.

Grubb's motion was then dropped. The city engineer was instructed to

## MALTA WELCOMES PAPAL DELEGATE

Reception on Man-of-war; Cardinal Ferrata Passed Between Double File of Garrison

VALETTA, Island of Malta, Apr. 22.—Cardinal Ferrata, papal legate to the Twenty-fourth International Eucharistic congress of the Catholic church, this morning made his formal entrance into the island for the opening tomorrow. Before landing, His Eminence was extended an official welcome on board the British man-of-war which brought him and his suite here from Sicily. Dignitaries of the island, on behalf of the church, and Monsignor Portelli, auxiliary bishop of the island, with Sir Joseph Carbono, representing the British government, to whom the island belongs, headed the receiving line. The entire garrison on the island was drawn up in double file forming an avenue from the wharf to the palace, and through this Cardinal Ferrata passed. Later still, another reception was extended His Eminence by Monsignor Pace on behalf of the church at the Church of the Sarria.

The functions of the day closed with a procession of the 3,000 delegates and pilgrims from the Church of the Sarria to the Cathedral of Saint John the Baptist, which ranks as the third largest cathedral in the world.

## Cottolene makes delicious doughnuts

Cottolene makes delicious doughnuts—free from sogginess, grease and indigestion. The reason is that Cottolene contains vegetable oil—not animal fats—heats to a much higher degree than butter or lard, fries so quickly that it forms a crisp, dry crust over the dough and prevents the absorbing of the fat.

Cottolene is decidedly better than butter or lard for all short ening and frying. It is healthier, it is quicker, it is more economical.

Cottolene costs no more than lard; you use but two-thirds of a pound of Cottolene to do the work of a full pound of butter or lard.

Cottolene is never sold in bulk—always in air-tight tin pails, which protect it from dirt, dust and odors. It is always uniform and dependable.

## ITALY'S FIRST TRY AT TRUST BUSTING

Ricardo Music House Sued by the Heirs of Donizetti For Sum of \$1,000,000

MILAN, Italy, April 22.—With the filing of a suit today against Italy's famous musical trust, the Ricordi music house of this city, Italy is to have its first experience at "trust busting." The suit has been brought by Giuseppe and Guotano Donizetti, heirs of the famous opera composer, and they ask a refund of all revenues on 32 of Donizetti's operas for a period of 28 years, dating from 1885. Should they win, it is estimated that the music trust will pay more than \$1,000,000.

For at least two generations the house has been able to crush all opposition in Italy. It is practically impossible for an opera to be published and produced in Italy that is not handled through the Ricordi house; it is almost equally impossible for a singer to sing the most ordinary songs in public without paying a royalty to the house. The Metropolitan at New York, and Covent Garden at London have been obliged at times to accept whatever terms the firm might dictate for the production of the new Italian operas.

The Donizetti heirs, in their suit today, make a test case on "La Favorita." Should they win their suit the decision will apply as well to 32 operas, including such well known ones as "The Daughter of the Regiment," "Lauretta Borgia," and others.

Secretary Metzgar of the local chamber of commerce has received the following letter from Secretary Frank Wiggins of the Los Angeles chamber, relative to tariff legislation now under discussion before the national congress:

Los Angeles, April 19, 1913.  
Dear Sir—In order that some pressure may be brought to bear upon representatives in congress, looking toward increasing the tariff schedule now under discussion before congress, it has been suggested that the commercial organizations of the state take up the matter with former residents, friends and townsmen of Democratic senators of Arizona, Oregon, Montana, Idaho, Nevada, Colorado, Florida, Louisiana, Illinois, and Ohio, and letters mailed to each.

Communications should not be form letters but separately dictated in the writer's own language and on his own letterhead, setting forth the personal views of an old friend, as to the effect the proposed tariff would have on particular California industries.

If you will suggest to your membership the advisability of carrying out this proposition, it may have some effect upon the members of the senate. Would suggest that immediate action be taken that the communications may begin to pour into Washington before definite action is taken on the tariff schedule. It will be noted that every production of California has been hit by the tariff revision, making it appear that California has been selected as a target.

Very truly yours,  
FRANK WIGGINS, Sec'y.

C. D. Vincent, Oakland, \$13,162.

The bids were referred to the committee of the whole for investigation, a report to be made tonight.

Bids for the manure from the city barns for the next year were: P. H. Sanger, \$150; E. D. Burge, \$205.25.

The contract was awarded to Burge.

The city engineer was asked to take steps to straighten out a jog in D street at Washington avenue.

**More Paving**

Grubb moved that the city order Sixth street paved from Main to Spurgeon. He said all property owners were willing to pay except one man. Grubb favored asphalt such as is on Bush street. The motion car-

ried. Alderman voting no, saying he opposed putting pavement on any man unless he petitions for it.

**McPhee On His Feet**

McPhee said the sheriff would loan the city eight or nine prisoners to hoe weeds on streets, the city to pay the caretaker. The suggestion carried.

McPhee said the S.A.V.I. Co. had abandoned the open ditch on West Washington and it should be filled up. The city attorney said he would look over the court decree and see if the ditch company must remove the ditch.

McPhee said there is a hole at the corner of Flower and Washington. The matter was referred to the street superintendent.

McPhee said some of the property owners have not repaired broken sidewalks as directed. He said the street superintendent and trustees are individually responsible. Rowley has been notified of a broken sidewalk at the stairway of the Rowley Drug Co. block. McPhee moved to proceed under the Vrooman Act to repair all broken sidewalks in the city. The motion carried, and the officials were instructed to proceed.

McPhee asked of City Marshal Jernigan if anyone had refused to pay a city license. Jernigan said the Standard Oil Co. and Grand Opera House had not paid. Thompson's blacksmith supply house refused to pay.

A wholesale license will be sought from Roy McKee of Garden Grove and a Tustin firm that distributes petroleum here.

"I move that our city attorney proceed," said Grubb, "to collect at once the licenses due from the Grand Opera House, Thomson and any

others who have not paid, including the former manager of the opera house."

McPhee said he had a talk with Attorney H. J. Forgy, who represents Uhm. McPhee said he would like to see if the ordinance is enforceable. Uhm does not care to fight the ordinance, but thinks his place has too high a license. The opera house license is \$50, the Bell \$50, the Cozy and Mirror \$15 each, seating capacity being the basis of figuring.

Grubb's motion to start proceedings carried.

The street department was instructed to buy a buggy, the purchase to be from some Santa Ana firm, the price to be less than \$100.

The board adjourned until tonight.

## SURPRISE LUNCHEON

### P. E. O. Chapter Had Delightful Social Feature Before Afternoon Program

The ladies of the P. E. O. Chapter A. B. met yesterday at noon at the home of Mrs. F. C. Rowland on McClay street, initiating the delightful afternoon they spent together by having a "surprise" luncheon. Each lady had taken with her a generously filled lunch basket and when the contents of these were spread on the long table in Mrs. Rowland's pretty dining room, it was not only a real surprise luncheon in the way of good things to eat but in the charming appearance of the table, where red roses glowed in the centerpiece while rose petals were scattered over its length.

After the luncheon the business session of the society and the literary program were proceeded with. A splendid paper, "Woman Through the Woods," by Miss Frances Salter of Los Angeles, was read by Mrs. Carl Strock. The paper outlined the progress of women educationally, socially and politically.

A parliamentary drill conducted by Miss Gertrude Montgomery followed the paper, and "Current Events" was conducted by Mrs. Henry Rutherford.

Yesterday's meeting was one of enjoyment and greatly increased the interest of the members in the society which has already won their hearty allegiance.

The sculpture of the World's fair held at Chicago will be the subject for study of this club at its regular meeting to be held at the home of Mrs. A. J. Padgham, 208 East Ninth street, tomorrow night at 7:30 o'clock.

## Famous Reader at Beach

The Shakespearean reading to be given tomorrow night at the Tent City Auditorium at Huntington Beach by Chas. W. Griffith, a famous delineator of Shakespearean characters, is attracting considerable attention among the neighboring towns. Doubtless many Shakespearean students from Santa Ana will make the trip to the sister town of Huntington Beach tomorrow evening to hear Mr. Griffith whom Robert Mantell, the leading Shakespearean actor, declares to be the greatest Shakespearean reader in the world.

## Raisin Dinner on Raisin Day

Local attention to California's Raisin Day, April 30, will probably be made by the local business concerns, and social recognition of the day will be given by the ladies of the First Christian Church, who will give a Raisin Dinner on the evening of the 30th.

The ladies decided this at a meeting held yesterday afternoon and their plans embrace the serving of such toothsome dainties as raisin bread, raisin pie and fruit salad in the connection of which raisins will be used. Raisin compote will also be included in the menu. The substantiality of life such as meat pie and potatoes and accessories with hot coffee will of course be served in addition to the raisin delicacies.

The Raisin Dinner will be served at six o'clock, Wednesday evening, April 30, in the banquet room of the church and the ladies of the church will cordially invite the public to aid them in their effort to make Raisin Day a success.

## Travel Club Number Two

The Second Section of the Travel department of the Ebbl Society met yesterday at the home of Mrs. Louise Scarborough. The home was prettily decorated with roses.

The club finished the reading of "Around Lake Garda," and took up a new study.

The next meeting will be at the home of Mrs. R. J. Thompson on Orange avenue.

## P. T. Federation to Meet

The Santa Ana Federation of Parent-Teacher's associations will meet tomorrow afternoon in the Commercial High School building, room 21, at 3:30 o'clock.

The nominating committee with Superintendent Cranston as chairman is asked to meet in the high school office at 3 p. m. tomorrow.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

## OREGON WOMEN TO AID THE SUFFRAGE CAUSE

To show their appreciation of the aid they received from the national suffrage headquarters in their successful fight for the ballot last year, Portland, Oregon, suffragists who are to serve on the city election board will turn the money they receive for their services into the national suffrage campaign fund. Announcement of this intention was made by the suffrage committee of the Portland Woman's Club.

## Personals

Mr. and Mrs. Fred Wilson, who have been homesteading in Arizona for the past three years or more, have come back to Santa Ana to remain indefinitely. Mrs. Wilson has been here some time, but Mr. Wilson just got back the latter part of last week. They are both enjoying Santa Ana and Santa Ana friends very much.

Ernest Winbigger and Lester Tubbs employed their vacation of last week in a glorious motorcycle trip to San Diego and Old Mexico. They made the trip south by way of the coast line and returned via Elsinore, seeing all there was to see and greatly enjoying the interesting trip through the varied scenery. They reached home in time to be on hand for the opening of school yesterday morning.

Mrs. Moon of Whittier, who has been spending the past week with her sister, Mrs. L. D. Mills, left last evening for Whittier, preparatory to going to Bishop, Inyo county, for a year's stay with a daughter. She hopes to regain her health by a change of climate.

William Bowman of Durango, Colo., is in Santa Ana for a few days' visit with relatives prior to beginning a six months' course in the Los Angeles Y. M. C. A. commercial department. The reputation of the Los Angeles institution is such as to attract students from neighboring states.

Mr. and Mrs. D. E. Huff motored to Long Beach today to visit friends. They were accompanied by Mrs. A. M. Gardner. The party will attend the Mission Play in San Gabriel Wednesday afternoon, before returning to Santa Ana.

Mrs. R. E. Dickinson went to Balboa today to spend the summer.

Mrs. W. L. Deimling spent the day in Los Angeles.

Frank Trickey made a business trip to Los Angeles today.

Mrs. W. J. Schonberg was here from Los Angeles yesterday for a short business and pleasure trip. Mr. and Mrs. Schonberg have been spending some time in San Diego.

Mrs. Amanda S. Tolle and daughter, Gretchen, have returned here from a several months' stay at Valle Vista.

C. M. Robbins returned last night from a week's stay in San Francisco.

Rev. J. A. Stevenson left today for San Francisco to attend a meeting of the board of directors of the San Francisco Theological Seminary, the denominational school of California Presbyterianism. He will be absent a week visiting his brother, Dr. G. L. Stevenson, at Sacramento, before his return.

Mrs. Lottie Harvey, formerly of Santa Ana, but now living in San Dimas, left here yesterday for several months' visit in Kansas and Iowa.

Miss Elaine Jackson spent last week at Newport Beach as the guest of her sister, Miss Lela Jackson.

Rheumatism as a result of kidney trouble, stiff and aching joints, backache, lumbago and sore kidneys, all yield quickly to the healing and curative qualities of Foley Kidney Pills. **They Have a Son**

The many friends of Mr. and Mrs. Rufus Sanborn who were social favorites when residing here, will be interested in knowing that a thriving eight-pound son was born to them yesterday morning in Aurora, Illinois, where the Sanborns are living. A telegram to relatives here announced the interesting news.

**S. S. Superintendents to Organize**

There will be a meeting of the Sunday school superintendents of the city Wednesday evening, April 23, at the home of Mr. Geo. Thacker, southeast corner of Fifth and Mortimer streets, to consider Sunday school problems and to organize.

**Young Ladies Travel Club**

The Young Ladies Travel Section of the Ebbl Club will meet Wednesday afternoon at the home of Miss Louise Long of Tustin.

The topic will be "Around Lake Garda."

**Clark-Chandler**

Miss Marie Chandler, daughter of Mr. and Mrs. W. W. Chandler of 814 North Broadway, and Leonard Clark, guided by the clever hands of Dan Cupid, found their way last Saturday to Los Angeles, where they were made man and wife at 1 o'clock in the afternoon.

The romantic flight of the young couple, for it was a "really, truly" elopement, was from Newport Beach, where the bride of today was a member of a house party chaperoned by Mrs. C. C. Chandler.

Mr. and Mrs. Clark are at the home of the bride's parents who have given their parental blessing. They will remain there for the present until their plans for the future are decided upon. The bride was a former Santa Ana high school girl, and Mr. Clark also attended the local high school. He is now the organizer of the Church of the Messiah, and has long been prominent in local musical affairs, particularly of the younger set.

**STOCK SHIPPED FROM BRAWLEY**

BRAWLEY, April 22.—Fifty-four cars of cattle, sheep and hogs left this point Saturday. This is one of the biggest trainloads of fat stock ever sent from the Imperial Valley to the Los Angeles market.

**HOMES OF 12,000 MENACED BY BREAK OF MISSISSIPPI LEVEE**

VICKSBURG, April 22.—The homes of 12,000 persons are threatened by a break in the Mississippi levee near here. Heroic attempts are being made to repair the damage.

**TWO KILLED IN STRIKE**

EL PASO, April 22.—Two strikers were killed today in a battle of strikers and strike-breakers in the El Paso smelter.

**LARGEST LUMBER PLANT IN WORLD DESTROYED BY FIRE**

WILMINGTON, N. C., April 22.—The plant of the Atlantic Coast Lumber company, the largest in the world, was destroyed by fire today. The loss reaches two million dollars.

**FUNERAL OF J. M. CAIN AT FAMILY RESIDENCE**

The funeral of J. M. Cain, the unfortunate victim of the terrible accident resulting from the collision of his automobile and a Pacific Electric car last week, was held at the family residence on last Saturday afternoon, Rev. Francis Watry being the officiating clergyman.

A large number of people were present to testify to their esteem, the house and yard being filled. Miss Elizabeth Easton sang "Face to Face," Mr. Cain's favorite song, and "Gathering Home," the latter having been sung at his father's funeral by special request.

Lovely flowers were sent in generous profusion. The pall bearers were all nephews of the deceased.

Stearns, who has charge of the manual training in the grammar schools, spent last week visiting the manual training departments of the high and grammar schools of various cities of Southern California. He reports travelling by motorcycle and auto some 400 miles and making a comparative investigation of the work being done in Riverside, Redlands, San Bernardino, Ontario, Pomona, Monrovia, Pasadena, Los Angeles, Hollywood and Long Beach. He reports a profitable, though strenuous trip.

**BIDS OPENED FOR FINE NEW RESIDENCE**

Asa Dickey, president and principal owner of the recently incorporated Santa Ana Furniture company, has just completed arrangements for building a fine new residence. It is to be a two-story building and the site is in the two hundred block on South Sycamore street.

In response to Mr. Dickey's call for sealed bids for the erection of his new home, the following bids were received and opened yesterday: G. E. Preble, \$4200; W. N. Carter, \$3980; E. W. Smith, \$4494; H. A. Skiles, \$4101; A. C. Black, \$3865; G. L. Smith, \$4276; W. D. Moore, \$3997.

**FURNITURE COMPANY ELECTS OFFICERS**

The Santa Ana Furniture company recently incorporated, has just completed their organization by electing officers as follows: Asa Dickey, president; J. E. Liebig, vice president; V. E. Johnson, secretary; Farmers & Merchants' National Bank, treasurer.

**CHANGES MADE IN REGISTER F. E. SCHEDULE**

Several changes have been made in the Pacific Electric schedule which is regularly published in the Register. The train which was scheduled to leave Balboa and Newport at 6:10 p. m. leaves at 6 o'clock.

In connection with the Orange schedule there will be a local train leave the S. P. depot at 6:10 p. m. for the bridge and a local train will leave the bridge at 6:25 p. m. for Santa Ana.

Apply the lotion before using the face powder and you will find it not only freshens and softens the skin, but is a valuable agent in retaining the powder, which assumes an even, velvety appearance on the lotion foundation.

**DANCE**

—All members of the Moose lodge and their families, and invited friends, are invited to a dance at Moose Hall Friday night. Free.

**VILLA PARK ORANGES**  
COMMAND HIGH PRICES

Orange county fruit is still commanding the top-most prices in the Eastern markets. In the dispatches this morning from New York, reporting the sales of yesterday, some oranges of the famous Elephant brand, which are grown in the Villa Park section, brought the most encouraging price of \$4.65 per box. Other brands brought good prices but this was the top-notch.

These oranges were undoubtedly of excellent quality and the price obtained substantiates the local packers' claim that the market is improving all along and that the Eastern buyers are recovering from their scare following the phenomenal January freeze.

## THIEF ENTERED A HOUSE NEAR ORANGE

Horse Blanket, Fountain Pen and Some Money Stolen  
Last Sunday

ORANGE, April 22.—Sunday afternoon while J. McClelland, who lives a mile north of Orange, was away from home a thief broke into the house and carried away a horse blanket, fountain pen and a small amount of money. It is thought a hobo is responsible.

**Fire in Kitchen**

This morning a gasoline stove started a fire in the kitchen of Q. B. Farwell's home on East Chapman. An alarm was turned in but the fire was put out by Farwell with water from a barrel in the back yard before the firemen could get there.

**ADDITIONAL MEETING PLACES FOR COTTAGE PRAYER MEETINGS**

The following places have been assigned as meeting places for the cottage prayer meetings tonight: A. G. Lucas, corner of Sixth and Ross; John Frye, 611 Hickey; Paul E. Wright, Sixth and Parton; W. Q. Phips, 702 S. Broadway; J. S. Pearson, 804 N. Ross; Frank Cannon, 717 S. Birch; Mrs. Gist, 502 W. First; Jesse Williams, 1412 W. Second; W. C. Roberts, 1203 Spurgeon; James O'Brien, 932 W. Bishop; D. M. Weston, 316 W. Santa Clara.

**VETERINARY SURGEON NOW IN NEW OFFICE**

Dr. J. H. Pullin, veterinary surgeon, has moved to his handsome new office at 410 N. Birch street. The doctor recently purchased this property, which has a frontage of sixty feet on Birch street, just north of Fourth street. He has remodeled the building bought with the lot and made of it a handsome office, laboratory and reception room, the best equipped place of the kind in the city.

The front is in rough-cast plaster in Mission style of architecture, with wide, plate-glass windows and natural wood finish, a combination unique in an office building but pleasing in appearance.

**VIENNA BAKERY IS MAKING IMPROVEMENTS**

Work was begun yesterday on the remodeling of the Vienna Bakery which when completed will make this a strictly modern and a very attractive place.

The improvements to be made on the building include a new modern front and the complete refinishing of the interior, which latter will be of sheet metal. A partition is to be torn out which will about double the size of the present salesroom and a complete new outfit of show cases and other fixtures are being installed.

Two entirely new features contemplated are a soda fountain and ice cream parlor and it is the intention of the proprietor, Wm. Cochems, to make these new additions to his business as attractive and inviting as possible.

The growth of Mr. Cochems' bakery business has made it necessary to add a motor truck to his delivery equipment and in future deliveries will be made by a new Bessemer auto truck.

**Coughs and Consumption**

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscatine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by all druggists.—Advertisement.

**AMUSEMENTS**

The above is only one of dozens of mirth-provoking stunts that will be pulled off at the Elks' Minstrels. Each and every member of the cast is a star in his line of fun-making, and each was chosen by a careful process of elimination.

The voices of the soloists have all been cultivated with fine tooth harrows and on the opening evening they will be in fine form.

Geo. T. Wilson, the director, has guaranteed that he can make an actor out of a wooden Indian cigar store sign, and he admits that here he has better material to work on. He is rehearsing his bunch every evening this week and reports rapid progress.

Keep these dates open for the Elks' Minstrels—Thursday and Friday, May 1st and 2nd—and remember that the reserved seat sale opens at the Rowley Drug store Saturday morning, April 26th.

**The Rex Players**

A company of capable players in plays that please. This company is in co-partnership with the merchant of the city, by so doing are enabling the theater-going people of Santa Ana to see this truly worthy company of players at the cost of 25 cents that otherwise would cost them 75 cents and upward. This company has become very popular in all the towns it has played. It has routed itself down the coast south of Portland and having played every town of any importance with its Merchants' Ticket proposition. We would advise you to get your seats at the advance sale, Rowley Drug Co., as there is always a rush the moment the doors are opened. One hundred free every night. Twenty-five cents and a merchant's ticket gets a reserved seat; otherwise 75 cents.

## NOW TIME TO PAY Y.M.C.A. DUES FOR THE ENSUING YEAR

At the meeting of the local cabinet of the Y. M. C. A. held at the First Presbyterian church last Saturday evening several matters of importance were discussed. Members are reminded that it is now time to pay their dues for the ensuing year. These dues entitle one to membership in the association until April, 1914 and entitles one to all privileges connected with the association here as well as admitting to other Y. M. C. A. buildings. It is proposed by the officials to send out a financial statement to all members showing the work accomplished during the year.

There will be a meeting of the county committee of the Y. M. C. A. this evening at the Presbyterian church at Orange, at which meeting the recent delegates to the state convention at Fresno will make their report. The delegates are: Martin Warren, Malcolm Tedford, Oertly and R. J. Hamilton, county secretary. It is expected that a prominent Y. M. C. A. worker connected with the Los Angeles department will address the meeting.

**LOS ANGELES PRODUCE MARKET**  
White wax Bermuda onions were received from Imperial Valley yesterday. They resemble the silverskins variety, but are of better quality. They were quoted at \$1.75 to \$2 a crate. Local silverskins are received and bring around 5 cents a pound. The market is well supplied with yellow Bermudas which have fallen off to about \$1.25 to \$1.50 range. Shipments are steadily received from Imperial Valley, which is the principal supply point for fresh onions at this time. Some Bermudas are expected from Texas soon. Australian Browns, storage stock, are still rather plentiful. Potatoes show some signs of firming, but if there is an advance it will probably not amount to much, as the crop of new locals is steadily coming in. Northern cabbage is expected to be rather scarce in a few days, owing to a degree to the increasing local supply at lowered prices. Local cabbage sells around 80 cents a sack, which northern is at 1 1/2 cents a pound in most instances. There were some off-grade peas quoted as low as 2 cents yesterday. Better stock brought around 6 to 9 cents a pound. Choice and extra choice rhubarb was down to \$1 to \$1.35 range in most instances, as it is more plentiful. It looks as if the fancy grade is going to remain scarce. Choice artichokes sold as low as 25 cents. Fancy brought around 35 to 50 cents in most cases.

A comparatively large shipment of strawberries was received and quotations were as low as 7 cents a basket, although the general range was 9 to 12 cents. Fancy and choice loganberries continue an attraction. A large consignment of apples came in. The receipts are record-breaking for this season of the year. The market continues active, with an abundance of low-priced fruit, of good quality. Oranges are still pretty dull, as far as the trade is concerned.

Eggs dropped 1/2 cent. The fluctuation is of no particular significance, as the market promises to remain at its present level, until the usual summer advance. Butter was firm, with an upward tendency. Cheese steadied a little. Receipts of butter and cheese were both good.

## AT THE COURTHOUSE

AN EASEMENT  
ONLY ALLEGED

Another Answer Filed in Suit  
Over Valuable Oil Lands  
at Flacencia

Without alleging that the Anaheim Union Water company has no right to enter into any other business than that of distributing water, Carolina B. Pittman and Matt Pittman today filed an answer to the complaint in the action brought by the Anaheim Union Water company and E. V. Benjamin against the Pittmans and the Dorsby Oil company.

The oil company's answer was filed last week. It declared that under the articles of incorporation of the water company it could not mix oil with water, could not enter enterprises not to do with the development and distribution of water.

The answer also alleged that the water company's rights in the 7.70 acres are an easement for water purposes only and not complete title as asserted by the water company. Attorneys Stephens & Stephens of Los Angeles evidently did not consider the point brought up by the Dorsby attorneys as worth much. At any rate it is not alleged in the Pittman answer.

Attorney Keech, who represents the

water company, states that the suit will be decided upon the question of title, not upon the point of the company's scope of operations. The company has been exerting the right to lease its property to others for drilling for oil.

## Case Dismissed

This morning after a hearing Judge West dismissed the charges against Foyd Preble and Ellsworth Minner, who were accused of battery upon G. Nishikawa, the West Orange Jap who bit Lawrence Eaton on the legs and finger. The evidence showed that Eaton tossed a stone at the Jap and struck him, and that the Jap attacked Preble and Kittle. Then came a fight between the Jap and Eaton in which Eaton warned the Jap to go on about his business. Both Preble and Minner were non-combatants. Minner helped pull the Jap off Eaton after the Jap had Eaton by the finger. After warning the boys not to mix up in international affairs, Judge West dismissed the case.

Lawrence Eaton has been trying to get a warrant for Nishikawa's arrest. He thinks that after the first fight was over with him went off and left the Jap and that the Jap followed him and started the last fight in which teeth were used by the carnivorous Jap. This afternoon, however, a warrant was issued for Nishikawa on a complaint sworn to by Melvin Kittle. Kittle was walking along the street with Boyd Preble unaware of the fact that Eaton had shed a missile at the rear of the Jap's anatomy. The Jap thought Preble had thrown the rock. He struck at Preble with his fist, but Preble dodged. Kittle did not dodge when the Jap whirled on him, and he received a right from shoulder punch in the side of the face. Then it was that Eaton came up and said he threw the rock. Nishikawa will be tried for recklessly jumping to the conclusion that one stone could be thrown all at one time by more than one boy.

## Charge Dropped

The insanity charge against John Kelly was dropped this morning after a hearing. While Kelly has intense notions concerning the dire effects produced by medicine given his son, he declared that he had never asserted the suit was poison and he had never threatened any of the doctors concerned in the case.

APPOINTMENT  
COMES LATER

The School Board is Not Likely  
to Fill Vacancy at Tonight's  
Meeting

The members of the board of education do not intend tonight to fill the vacancy on the board caused by the tragic death of Director J. M. Cain on Thursday afternoon of last week. Mr. Cain was highly esteemed by his associates on the school board, and his death was so recent that the members of the board have hardly given an appointment of a successor a thought. As yet no names have been proposed and none have been considered. While the matter may come up for discussion tonight and some time set for further consideration of the subject, an appointment will not be made.

The school board tonight will work out further details of the plans for laying the cornerstone of the new polytechnic high school. The ceremonies will take place at 2:30 o'clock, May 2. Dr. John Willis Baer, dean of Occidental College, will deliver the address of the afternoon.

## FAIR EXCHANGE

A New Back for an Old One;  
How a Santa Ana Resident  
Made a Bad Back Strong

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame that to stoop is agony. No use to rub or apply a plaster to the back if the kidneys are weak. You cannot reach the cause. Follow the example of this Santa Ana citizen.

W. N. Nelson, 902 E. Fifth St., Santa Ana, Cal., says: "Six or seven years ago, while living in Pennsylvania, I used Doan's Kidney Pills and was relieved of pains in my back. Occasionally my back was so painful that I could scarcely turn in bed. In addition to this, I also had rheumatic twinges. A few boxes of Doan's Kidney Pills, procured at Dean's Drug Store (Now Mattee's Drug Store) removed my aches and pains and I have had no cause for complaint since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

TWO OF THE JOY-RIDERS  
PLACED ON PROBATION BY  
JUDGE OF JUVENILE COURT

Three out of the four joy-riders who traveled from La Habra to El Centro in O. L. Baldwin's automobile have been disposed of so far as the juvenile court of this county is concerned. One of them was turned over this afternoon to the probation officer of Los Angeles county. Another will be heard in the justice court first, then in the superior court. The joy-riders were Miss Selma Simons of Los Angeles, a ticket-seller in a moving picture show. The others are Kenneth Morse and Percy Woolsey and his sister, Fern, of La Habra. Morse is 19 years old. He must go through the regular procedure used in felony cases when the defendant is over 18. His preliminary examination is set for May 2 before Justice Cox.

The two girls and Woolsey, who is 16, were certified to the juvenile court, where Judge West made careful inquiry into the wherefores and intentions of the four young people.

From the evidence it appeared that the joy-ride was arranged several days before Baldwin's automobile was stolen from his garage Monday night of last week. They had intended to return the automobile, but lost their nerve. It was then decided to go to Arizona and from there to Texas. How much further the little

joy-ride should lead them was to be determined by the way Texas looked to them.

Money was a scarce article among the four youngsters. They got hungry at times, but hoped that the boys could find work at El Centro and earn enough to feed the four of them at a restaurant and keep the automobile at a garage. They never got to Texas. They did not get to Arizona. They were arrested at El Centro.

The girls were not fully persuaded of the gravity of their escapade, perhaps not until the hearing in court today. Miss Woolsey, who saw less harm in the joy-ride because she was with her brother, promised to take no more such rides. She and her brother were turned over on probation to their parents, who live in La Habra.

Miss Simon, who is also known by her step-father's name, Pitwin, took the predicament rather gaily. She said she enjoyed joy-rides, and would like to go again. She said she had been on joy-rides in Los Angeles, but this was the first prolonged event of the kind that she had ever participated in. Since she had run away from her home in Los Angeles to go on this ride, she was turned over to the Los Angeles probation officer to be dealt with by the Los Angeles juvenile court.

sions believed to be able to tell the jury facts regarding the traffic here. He says the list includes many prominent business and professional men.

The district attorney's office, and Chief of Police Sebastian have agreed on a grand jury investigation of white slavery in Los Angeles.

"When all the facts in this affair comes before the grand jury it will rival the tales of vicious ancient Rome and the degenerate clubs of Paris and London," was the declaration of Detective Edward King regarding the orgies alleged to have been carried on in the house of Mrs. Josie Rosenberg, charged with pandering in connection with the white slave probe here. He declared the men supporting the place were prominent socially, including many business and professional men. Marie Brown Levey, brought from Redlands, Helen Barker and two other girls were taken to the district attorney's office and questioned regarding the alleged implication of a prominent millionaire for whom a warrant has been asked.

SELECTED TO  
RUN IN RACE

Relay Runners Who Are to  
Carry Message Through  
Santa Ana Are Chosen

Last night under the direction of Chas. Robinson, president of the local Young Men's Christian Association, and the county secretary, R. J. Hamilton, the following boys were chosen to assist in the big Redlands-Los Angeles relay race to be run through this city Saturday of this week. The figures opposite the names signify the time made by each boy in a half-mile run: Raymond Adkinson, 2:05; Bert West, 2:16; Dana Keech, 2:16; Ben Osterman, 2:24; Bryan Christenson, 2:24; Carson Smith, 2:25; Robert Hall, 2:30; Wm. Graves, 2:30; Ralph Jayne, 2:30; Stanley Mansur, 2:34; Leigh Paul, 2:34; Perry Thomas, 3:07; Geo. Osterman, 3:11.

Approximately four hundred boys will run in this race carrying in a silver tube a message from the mayor of Redlands to the Mayor of Los Angeles. The distance is about 200 miles, and the Orange county fellows will cover 35 miles of the same. They will receive the tube at the county line five miles this side of Whittier at 4 o'clock Saturday afternoon, arriving at Fullerton at 4:43, Anaheim at 5:00, Orange at 5:26, Santa Ana at 5:37, Garden Grove at 6:30, delivering same to the Long Beach fellows at the county line at about 7:25 o'clock.

All runners and drivers of machines will meet at the Garden Grove building as soon as the run is over, about 8 o'clock, for a regular Y. M. C. A. supper, which means that there will be lots of good things in store for all participants.

The Santa Ana boys will take the message on North Main street, carrying it to Fifth street, thence west to the road leading to Garden Grove, a distance of nine miles, which will be covered by twenty fellows.

All boys who are to run have been examined by a physician.

## HOW TO GET RID OF RHEUMATISM

—After a reasonable period of our treatment those stiffnecked unbelievers who have swallowed enough dope and slush to float a battleship realize that their hot throbbing joints are losing their twinges, that the stiff, sore and creaking muscles have lost their wring and rack and the never-ceasing grind and pain of existence has lulled its sufferings.

Our method of treatment is one of thorough elimination; it removes from the blood, organs and joints those vicious poisons which cause the pain and suffering of rheumatic infection.
